FRANCE IS STILL IN LEVEL 2 ALTHOUGH 2882 INFECTED OVER COVID-19 OUTBREAK

DEATH TOLL ROSE 61 IN FRANCE

Paris, Washington DC, 13.03.2020, 19:49 Time

USPA NEWS - The coronavirus epidemic is advancing at high speed: worldwide, more than 135,000 people have been infected and more than 5,000 have died. Confined, Italy has exceeded 1000 dead. In France, 2882 cases are recorded and 61 deaths but the epidemic « is only at its beginning ». President Macron said. That death toll was recalled by the French President Macron when he addressed the nation in a primetime, TV, speech from the Elysee Palace, on Thursday, March 12 at 8pm. "The virus continues to spread and is accelerating. The urgency is to curb the epidemic" he continued before announcing that it was necessary to "prepare for a possible second wave of people younger people affected by the disease. " It is very probably because of this risk and to face "the most serious health crisis known in France for a century" that the president decided to close all the schools of the country from Monday March 16 and "until again. " It is also to "not overload our hospitals" said the Minister of Health Olivier Veran, guest of Europe 1 March 13.

The French government calls for the reinforcement of "barrier gestures" and to stay at home if you have fever, cough, headache and / or sore throat.

All visits by outsiders are suspended in accommodation establishments for dependent elderly people (EHPAD), Home nursing and long-term care units (USLD). People over 70 must limit their outings, so do the disabled, and those holding a pathology, or chronic illness, and diabetes. Gatherings are limited to hundred persons, including the theaters where the limit of room occupation is 100.

THE LOUVRE MUSEUM IS CLOSE UNTIL FURTHER NOTICE-----

The French President also announced that the government is working on a plan to compensate package, for the entrepreneurs the losses due to COVID-19 outbreak. The French State also shall pay the workers who are constrained to stay at home, by a paid sick leave due to the COVID-19. Meanwhile the mayoral elections to be held on Sunday March 15 and 23 are maintained for the 1st tour, so far. New instructions shall be released by the government when it comes to the second tour of election for the 23rd of March, as the sanitary situation is evolving very fast in France. Workers are asked to work remotely from home to avoid contamination, and reduce the propagation of the Coronavirus. While all the schools, and universities are closed from Monday 16, until further notice. The French President Macron and the French PM, Edouard Philippe are addressing the nation, via the breaking news tv, and Tf1 channel, in a purpose of transparency but also to avoid any psychosis in France that is still keeping on Level 2, though all the 12 regions are concerned by Coronavirus. THE WHO DECLARED THE COVID-19 IS A GLOBAL PANDEMIC WITH MORE THAN 5,000 DEATH

The World Health Organization has declared the coronavirus a global pandemic, as the number of cases continues to multiply worldwide, with tens of millions of people living under unprecedented lockdowns. The pandemic declaration came as the number of confirmed cases of COVID-19 topped 127,000 in about 120 countries, with more than 5,000 deaths blamed on the virus. The WHO's director said Wednesday health officials are alarmed by both the spread of the virus and the failure of governments to act. Tedros Adhanom Ghebreyesus, General Director of WHO: "In the days and weeks ahead, we expect to see the number of cases, the number of deaths and the number of affected countries climb even higher. WHO has been assessing this outbreak around the clock, and we are deeply concerned both by the alarming levels of spread and severity and by the alarming levels of inaction." [?] Source : WHO
